DR. STEPHEN JEWETT'S

Justly and Highly Celebrated

Family Medicines.

Comprising the true

Italian Restoring Bitters,

PULMONARY ELIXER,

AND

Strengthening Plaster.

TRIED and proved by their continued use for the last fifty years, to be superior to any other preparations for the cure of every species of disease dependant upon

Impurities of the Blood, Derangement of the Stomach, Bowels and Liver, and all affections of the Lungs, Air Passages and Throat, as also Pain in the Bones, Joints, Side and Back, Rheumatism, Weak Stomach, Cramp, &c.

None genuine unless signed on the wrapper 'Stephen Jewett & Co' with a pen to whom direct all orders

Prepared by STEPHEN JEWETT son of the late Dr STEPHEN JEWETT of Rindge, N H

Principal Office,—No. 30, India Street, Boston.

Please read the following certificate of a highly respectable and aged gentleman

RINDGE, N H April 1 1848

To all whom it may concern

I the undersigned do hereby certify, that I was acquainted with the late Dr Stephen Jewett from my boyhood up to the time of his death and having been his nearest neighbor can testify to his medical skill and knowledge of Botany with hundreds of others now living, and that in the year 1814 I was afflicted with jaundice palpitation of the heart pain in the side, and general debility, so as to be *unable to attend to any business* and being a neighbor of the late Dr Stephen Jewett I had recourse to his far famed *Bitters* and *Plaster* and by their use was permanently cured. Since the above named date, I have used Dr Jewett's medicines with equally good effect as prepared by Stephen Jewett son of the late Dr Stephen Jewett, of Rindge N H and I cheerfully recommend them to the public as safe and invaluable medicines,—and being composed entirely of vegetables I think them far better suited to the diseases of our climate than medicines composed of minerals or foreign nostrums Try them, and judge from facts and experience I consider Dr Stephen Jewett's Strengthening Plaster far superior to any external application for the purposes for which it is recommended, of any that I have ever known

EBENEZER BLAKE

DR STEPHEN JEWETT'S

Italian Restoring Bitters.

These Bitters, acting as they do upon the Stomach Liver and Bowels removing all the morbid secretions thereby purifying the blood and invigorating the digestive organs not only cure diseases that already exist, but they also fortify the system against all attacks of disease It is a common remark among those who have used Dr Jewett's Bitters that they have but little fear of being sick The remark is strictly true, or while the stomach and bowels are kept in a good condition and the blood pure all the great predisposing causes are removed and the whole system is fortified against those morbific influences which under less favorable circumstances would have engendered perhaps fatal disease

In order that the public may know that they are offered a truly excellent article we append the following certificate which may be seen with numerous others, in their original by calling on the proprietor

BOSTON May 15 1848

To all whom it may concern—This may certify that I have been for years troubled with a scrofulous humor which has been very troublesome and was fast undermining my health and had severe pains in the back loss of appetite langour, and general debility

A short time since I commenced taking Dr Jewett's Health Restoring Bitters and in a very short time my humors and pains left me my appetite improved and my health has not been so good for years all of which I attribute to Dr Jewett's Health Restoring Bitters.

(MRS) E H RUSSELL, Beach Street

DR. STEPHEN JEWETT'S

Pulmonary Elixer.

Nearly one third of all the deaths that occur in New England are caused, either directly or indirectly by diseases of the Lungs and Chest Why is this great sacrifice of human life? How happens it that the brightest intellects of the highest promise the hope and support of declining years are smitten down in early life? Why is it that so many families have been made desolate by that fell destroyer, Consumption? And how happens it that so many interesting and lovely children are cut down every year by those dread diseases, the Quinsy and Croup? Is it because these diseases are incurable? Physicians will tell you these diseases can be cured,—if taken in season

It is true these diseases can be cured with almost absolute certainty—if taken in season Everybody should be aware of this fact and provide themselves with Dr Jewett's Pulmonary Elixer

The following certificate among numerous others which have been received, are appended for the benefit of those who desire to see certificates

WINCHENDON Mass March 10 1848

Stephen Jewett—Dear Sir—I feel it a duty to you and to the public generally, to inform you all, who may have been afflicted as I have that I have been entirely cured of a severe and long continued cough, by one bottle of your Pulmonary Elixer—For months I have been a great sufferer I had pain in my left side sore throat, constant cough, and raised a good deal of bad looking matter My strength was gone and my flesh was wasting away I took many things without benefit and was steadily getting worse, till I procured your Pulmonary Elixer which has cured me, and I cheerfully recommend it to all who are troubled with coughs

Yours truly THOS CUMMINGS

DR STEPHEN JEWETT'S

Strengthening Plaster.

These Plasters possess the property of *removing Pain curing Lameness, Cramp Pain or Weakness in the Back Joints or Side, Rheumatism, Weak Stomach &c*, and when used in connection with the Bitters in Liver Diseases, will prove very beneficial in removing the peculiar pain between the shoulders and in the side and back, well known to those suffering with such diseases This Plaster from the quantity and quality given, is vastly cheaper than and superior to the "Poor Man's" or any other Plasters, and can be made any size wanted, without waste the roll will make five good sized Plasters A single trial will be all the certificate necessary

NEVER DESPAIR OF LIFE!

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually

10,000 CASES

Of SCROFULA cured by it this year and 5,000 Cases DYSPEPSIA and HUMORS of which *proof* can be furnished This is the only medicine known to cure these diseases

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle and then be far superior to any in use It is put into the Bottle its FULL STRENGTH and power without reducing it and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak Clumsy, Adulterated Sickish and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer Surer, and Cheaper than all others *THIS* Sarsaparilla has best proved on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVES all the suffering that it is in the power of Human means to do It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum, and every Disease which arises **from Impure Blood!**

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES astonishing as it may seem that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And save

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England that there is no other medicine which is CAPABLE of doing so MUCH GOOD and yet so INCAPABLE of doing injury! What distinguished compliments are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS Its CURES when every thing else fails the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to strike the sufferer And the reason for this is that it makes the **BLOOD** perfectly Pure Rich Healthy Quick Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone Pulse weak or Feverish, Skin yellow Nerves deranged It restores Health, Strength, and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is that it does not temper with the patient or prolong his sufferings But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is always thorough and permanent Others only scatter or back en the disease but this EXTIRPATES it wholly from the system—this saves the patient shaf while others endanger it The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant that **Medical Colleges, Professors,** and Physicians always prefer it for the sake of its Superiority Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried!

It is for you especially that this Sarsaparilla is made, as the 'HEALING ART' has been tasked to the utmost to have it exactly suited to FEMALE COMPLAINTS. These Complaints have never been cared for as they ought, hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail But this Sarsaparilla has the **SPECIAL** ability to cure every Disease Affliction or Pain which comes under this head It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches Pimples freckles

British Periodical Literature.

REPUBLICATION OF

The London Quarterly Review,

The Edinburgh Review,

The North British Review,

The Westminster Review,

—AND—

Blackwood's Edinburgh Magazine

The wide spread fame of these splendid Periodicals render it needless to say much in their praise As literary organs they stand far in advance of any works of a similar stamp now published while the political complexion of each is marked by a dignity, candor, and forbearance, not often found in works of a party character

They embrace the views of the three great parties in England—Tory Whig and Radical— Blackwood and the London Quarterly are Tory the Edinburgh Review Whig and the Westminster Review Radical The North British Review is more of a religious character having been originally edited by Dr Chalmers and now since his death being conducted by his son in law Dr Hanna associated with Sir David Brewster Its literary character is of the very highest order—The Westminster though *reprinted* under that title only is published in England under the title of the Foreign Quarterly and Westminster it being in fact a union of the two Reviews formerly published and reprinted under separate titles It has therefore the advantage by his combination of uniting in one work the best features of both as heretofore is used

The above Periodicals are reprinted in New York immediately on their arrival by the British steamers in a beautiful clear type on fine white paper and are faithful copies of the originals, Blackwood's Magazine being an exact *fac simile* of the Edinburgh Edition

TERMS

For any one of the four Reviews	$3 00 per annum
For any two do	5 00
For any three do	7 00
For all four of the Reviews,	8 00
For Blackwood's Magazine	3 00
For Blackwood and three Reviews	9 00

Payments to be made in all cases in advance

CLUBBING

Four copies of any of all the above works will be sent to one address on payment of the regular subscription for three—the fourth copy being gratis

EARLY COPIES

Our late arrangement with the British publishers of Blackwood's Magazine secures to us early sheets of that work by which we are enabled to place the entire number in the hands of subscribers before any portion of it can be reprinted in any of the American Journals For this and other advantages secured to our subscribers we pay so large a consideration that we *may* be compelled to raise the price of the Magazine

"Defiance Bulletin No. 2."

We have received and read, and enjoyed, this production of *Charles Lowell* Esq of Ellsworth Slight causes sometimes produce wonderful effects So in this case four insolent lines traced by the late editor" of the *Boston Museum* set in motion the magnetic current of Mr Lowell's great brain and we have before us the second number of his Bulletin more than double the size of the former number enriched with eight columns of original matter eminently characterised by truth point and vigor for which the accomplished author is preeminent There is a piquancy vivacity spirit and agreeable abandon about this elegant sheet which cannot fail to cause the public to desire a few more of the same sort Of course no man living except Mr Lowell himself could easily turn out every day so great a quantity of compact well digested and intense interesting and really valuable and world wide important matter as this Bulletin contains, nor has the public, in effectual capacity to devour and assimilate so much dainty food each passing day, but once a month might do Thus much labor would be a mere pastime, and enable Mr Lowell to apply the extremest polish in the way of elaborate finish while to the public it would be an agreeable intellectual feast which would give tone spirit and energy to the system

A long acquaintance has enabled us to study to advantage some points in Mr Lowell's character and we know that, modest as he is of his own virtues, scarce deeming them such in his own eyes he will pardon us in saying that the high position he now occupies in the intellectual heavens seems to demand of him for the benefit of the race to give to the world the great lessons which his eventful life so pointedly teach

Mr Lowell possesses, in our view the elements of a kingly character His imperial self hood enables him to delight in surmounting difficulties and where other men see dangers to perceive only delights In this Bulletin No 2 he has struck out with a dash or two of his nervous pen, a few graphic and to inching facts showing the self constructed ladder by which he made his rapid and brilliant ascent from rough and scrubbed childhood to his present stand point as an eminent public writer an eloquent advocate, and an influential counselor. But such facts though highly pleasing, and evincing the possession of the genius of the true artist are not quite sufficient for the right understanding of the subject nor for the world's need

Mr Lowell ought to give a clear discriminating analysis of the secret motives which prompted him to press onward and of the mental powers which sustained him in reaching plane after plane his ascending course All effort in this direction will unfold the most truly and fully the man, and thus serve to explain him to the gaping crowd who cannot understand nor appreciate him, though they get a broad idea, sometimes that he has nerves enough for a regiment of common men Poor Eaton found that out some time ago

None but Mr Lowell can do himself justice in this matter relative to the inmost and the highest—the real head and heart man and we trust therefore that he will lay aside for a time his shy reserve, and his inborn delicacy in alluding to himself and write from the inmost coil of his heart, and let the world know not only that he lived but why and for what he strove in the *life*-battle on earth If he fails to do it the work will not be done, for all the oysters in the world cannot write the life of a single eagle

☞ The Portland Inquirer in the plenitude of its littleness, is engaged in nosing into the personal relations and intimacies between Hon Daniel Webster and Hon Abbott Lawrence, in the hope of getting up some matter upon which to hang a prejudice against either of these distinguished Whigs, or against the administration which they both zealously support The Inquirer modestly assumed the other day, being the best paper in the State, but a continuance in a course so disreputable as the case alluded to, will not tend to prove its claim just, or to retain the names of its subscribers on the books

☞ The winter is entirely used up—the sleighing gone—the lumbermen been driven out of the swamps by the rains—the ice is weakening and giving way—the mud is deep—the roads disordered—and all hands are going rapidly into spring weather The ice will leave the river next week &c

☞ Dr Holmes of the Farmer advises every farmer in Maine to try each year a small patch of wheat and also of potatoes Reliance upon either of those for a crop cannot be placed but yet they occasionally do well in some localities and may, by and by, again become reliable crops

☞ A great many experiments are tried for the treatment of burns, but the simplest cheapest and best is to apply cold water instantly and continuously by wet cloths changing them frequently, until the pain ceases and the soreness is cured

☞ Those who intend to be fully ready for the spring campaign should procure good seeds Those who are last in the market for such articles are not very likely to obtain them of so good quality as the first comers.

☞ The Maine Farmer and other papers in this State are trying to cheer up the farmers with the hope of raising profitable crops of flax, for which there is quite sure to be a constant demand

☞ We learn from Mr Goodale of Orrington that nearly all his choice plum trees obtained from New York and Massachusetts have died during the last fall and winter

☞ The Free soil party par excellence in this State are to hold a convention at Lewiston on the 10th of June next to nominate a candidate for Governor

If every part of our Lord's prayer were examined, it would be found to be as full of reason and religion as a pomegranate is of seed

☞ The City Council of Boston have voted to invite Gen. Taylor to pay them a visit the ensuing season

A letter recently received by a merchant in St Louis from one of Col Fremont party announced that the Colonel has dispatched to Corpus Christi for living, noncescript specimens which his party succeeded in capturing near the upper Gila, after a chase of three days. The animal resembles a horse in many particulars except that it is covered with a heavy coat of wool, closely curled, being in colour and like Business of its texture very much like camel's hair It has no mane and its tail is like an elephant's The features of the animal is purely of the deer, and it stands nearly four feet high. Boston Policy

To the Editor of the Whig and Courier

The money market has ruled exceedingly stringent the past month, with somewhat increased severity towards its close We view the extreme scarcity at Boston, as rather temporary, believing it will yield to a much easier state of things as soon as the balances due to New York shall cease to be adjusted by remittances of specie, which has been the case for three weeks past Some four hundred and fifty thousand dollars have been drawn from our banks in gold, leaving an amount in their vaults all well in adequate as a basis of accommodation to their customers

It is not probable that any permanent relief can be realized to this country until the specie has been increased by large supplies It is doubted even whether the sub treasury would bring this relief if it should be transferred to the vaults of the banks It is a fact worth noticing, that when the quantity of specie in the sub treasury is large, the cry is that there will be relief when it disbursed, and after it has disgorged, and the banks are easy by the withdrawal from the monster, the cry then is that it is gradually being drawn out of them again in payment of duties, and the banks consequently discounting

Willis & Co's Bank note List March 1849

It is a long time since the city was raised of the scarcity of money, and the money market has been growing more and more stringent, but there are other causes for this state of things than those assigned in any text The rage for extending railroads and the building up cities and villages has had the effect to convert all, or a sum equal to all, of the personal property in New England into real estate The whole community is situated very much like the farmer who has a large tract of land, a great house upon it elegantly furnished, but without capital to hire labor, or stock it, with the exception perhaps, of a cow and a pig and no farming tools, but what he borrows And when a whole neighborhood is in the same circumstances, it is hard to borrow

According to the returns of the assessors all the real and personal property in the commonwealth of Massachusetts was worth in 1790, 144 021,249 In 1840 the wealth of the State according to the same authority, was $299 880 338 If we divide the sum produced by all the capital both real and personal, and all the people, over and above their necessary consumption by 50 it shows an average annual saving of $45 117 119 The average number of inhabitants of the state during the 50 years when this property was called into existance, was $520, 078 By dividing the capital yearly produced over consumption, by the number of people, it gives an average of $9 53 to each human being Within the last 20 years since capital and labor saving machinery have become more abundant, productions have been considerably increased But consumption has fully kept pace with it so that after deducting the cost of keeping a large number on income, or dividends of stock, the nett gain per capita is no larger now than when nearly all worked at some useful employment, and practiced far greater economy In 1840 the population of the State was 737,700 Give to each person an average surplus of $9,53 a year—the average annual gain from 1790 to 1840—and the State is now adding to its wealth at the rate of $7,251,590 per annum

The following appeared in a Boston paper of March 3, 1849

"MASSACHUSETTS ENTERPRISE Since 1846 about $57,000,000 have been invested in public enterprise by the people of Massachusetts

It is within the bounds of reasonable probability to say that private enterprise has invested an equal sum, to that invested in public enterprise, making $114 000,000 invested by the people of Massachusetts in real estate in two years, while the sum accumulated, in the same time, by the labor of the people and the income of capital and machinery, has been only $7 252 590 per annum, or $14 503 108 in the two years It thus appears that the people of Massachusetts have invested near one hundred millions on credit or by converting circulating into fixed capital in two years

In 1840, the assessed value of the real and personal estate in Massachusetts was less than three hundred millions and in 1848 we are told the assessed value is $450 000,000, an increase of fifty per cent in eight years, or 6¼ per cent per annum, while the increase for the preceeding 50 years was only 2½ per cent per annum This great increase of taxable property in the eight past years over the preceeding 50 years, is not to be ascribed to the wealth creating power of railroads—to the greater production from the increase of capital or to the great economy of the people, for it is clearly apparent that the personal expenses of the people has kept pace if not gone beyond, their increased ability, while public and private enterprise, the extending railroads, the building manufacturing cities and villages, steamboats, ships, shops and warehouses, private dwellings and public houses with their fixtures and furniture, have all been conducted upon a most magnificent scale of prodigal expenditure

But Massachusetts has had another considerable drain upon her resources beside that required to carry out her projects of private and public enterprise Before these great expenditures commenced, it was said, vauntingly, by Mr Daniel Webster, that Massachusetts purchased of the other States forty millions annually, of agricultural produce This sum in eight years amounts to twenty millions of dollars more than the whole assessed value of all the property, real and personal in the commonwealth in 1840—Thirty millions of this produce could have been, and should have been produced, annually within the State For the last eight years, capital, and consequently labor has been gradually withdrawn from agriculture, and for the last three years Massachusetts must have purchased agricultural produce from the other States to the amount of fifty millions annually Allowing that the population for the last three years has numbered 800,000, the State has purchased sixty-two dollars and fifty cents worth of agricultural produce for each inhabitant. How long can a people go on 'investing year after year, three or four times the amount of their annual income, without embarrassment, and ultimate ruin?

Leaving the view of the subject let us look at the other side of the picture and see what has been the results—the fruits of these investments in the opinion of private or public "enterprise" in Massachusetts. As long ago as Nov 1837 I was told, by a gentleman in the wool trade, that the proprietors of the Waltham, Lowell, and Merrimack mills had agreed to stop their mills to lessen the supply of wool and stop the spinning jenny, to bring down the price of raw material, wool. Every farmer knows what the effect has been upon wool, and wool-skins since May 1848

The Cotton mills did not all stop the past year it is true, but it is said the business paid no dividends to the proprietors, and in the mean time oppressive labor—the labor of 'Factory Girls,' has been reduced nearly, or quite one half—Nearly every town in Maine has a female representative in the manufactories of Massachusetts, and many of these representatives have returned on account of the low wages paid for their services They have returned, in many cases, upon families that can afford them no profitable employment and are already overtasked to obtain the means of living

In 1846 the Legislature of Massachusetts passed 259 acts 94 of these were of a general character and 165 were acts to incorporate certain persons, or relating to corporations already existing 39 acts were for new railroads, or in relation to old ones The rage for new grants was much greater in 1847 and 48 than in 1846 and accordingly immense sums were incorporated as capital stock when the corporations had not a dollar to invest, but placed their reliance for means, upon the dividends upon stock already existing These anticipated dividends failed, and capitalists, manufacturing corporations and railroads, were compelled to go into the market for money, pledging their old stock, to pay for the new For eighteen months past the money market in Boston has ruled exceedingly stringent, that is, close, tight, binding, contracting, and hard to be obtained Money has demanded two, three, and even four times the usual rate of interest, or, to speak more correctly obligations to pay money have sold from 6, to 24 per cent below par—Here is a people paying 1, to 1½ and 2 per cent a month for money, or capital invested in railroad and manufacturing, when the whole capital and labor of the people combined does not produce a surplus of over 2½ per cent upon the assessed value of the capital invested per annum

But it is time to return to my text and examine into the cause of the 'exceedingly stringent state of the money market in Boston in the month of February The assessed value of the real and personal property in the city of Boston for 1848, as stated by the Mayor, was one hundred and seven millions of dollars The real, is double the assessed value, at least, making the value of the property in Boston $331, 000 000 Boston has a bank capital of $20,000 000, paid in in gold and silver coin as the officers certify on oath and the bank loan of about $30, 000 000, and all payable within six months, if the Boston Banks adhere in practice to the theory they maintain, namely, that banks should discount no other than *bonafide business paper*, having but a short time to run In addition to these means the Boston banks control more more than 200 country banks, and most of the paper discounted by these banks is remitted to Boston for collection, requiring about $14 000, 000, to be remitted to Boston, from the country every month, in money, or its representative, bank bills

With these resources, when the city of Boston is called upon to pay, in the course of three weeks the small balance of $450 000, to New York, in gold, the shock is sufficient to disturb the whole business relations, not only of Boston, but the whole of New England The money market of Boston, first becomes 'exceedingly stringent' In commercial language, 'stringent' means, when applied to money, high priced In such times, merchants are accustomed to say, if they have occasion to raise money, that they have to pay high for it To suppose that the standard of value, gold and silver money, fluctuates materially in price is an absurdity When a man goes into the market to raise money on a note, or bill of exchange, he does not buy the money, but he sells the paper If it is his own paper, or paper he endorses, and he pays two per cent a month interest, he does not pay high for the *money*, but he *sells himself* low—below par—below what the par value of every man should be The proportion which the debt, paid by the Boston Banks to New York bore to the property of the city, was as 1 to 742 And yet the payment of this paltry sum—paltry, when compared with the means, was sufficient, for a time, to derange the calculations, and to *lower* the *credit*, (not to raise the price of money) of nearly *every man* who had debts to pay, not only in Boston, but in every city and town in New England, having a bank And not only so, it had the effect, to a greater or less extent, to lower the credit, and consequently derange business of every man in New England, dependant in any way upon credit, from those who are dependant upon daily labor, to those who pay the wages of labor

Happening to be in a grocery store in Bangor, on the day I received the document containing my text, I heard two laboring men ask for credit, on Saturday afternoon, in amount to the value of a peck of meal, and pound or two of meat, to serve for the family the Sabbath, and replies were couched in the following terms 'Can I do it Should be happy to accommodate, but we must keep close - The times are hard Money is tight We have a note to pay at the Bank on Monday We can't do it' After the men had retired in somewhat of a pet it was remarked by the shop keeper, that the men were honest, industrious, and were pay, but in the present state of the money market, they could not give credit, even for small sums This, and ten thousand similar transactions all over New England are the results of the Boston Banks having to pay New York, a small "balance of trade"

But my text contains a great and important truth. It says It is not probable that any permanent relief can be realized in this country until the specie basis has been increased by large supplies It is doubted even whether the amount held by the Sub-Treasury would bring this relief if it should be transferred to the vaults of the Bank "s

The writer must be a bold man He strikes a death blow, if followed up, at that stupendous fabric of folly, the "Suffolk System" of Banking, and overturns the whole system of currency and credit of the Boston Speculators. The suffolk system, repudiates a "specie basis," or any other basis of credit, but "business paper," for bank discounts, and exchange of bank bills is received bank notes

The Frontier Guardian, published at Kanesville, Iowa by Orson Hyde has intelligence from the Salt Lake settlement to the 11th of October It is stated that Dan el Browett Lzra H Allen, and He derson Cox, were murdered by Indians in the California mountains on the 27th of June last They left the main company to search out a new road to cross the mountains

Judging from the distance they had travelled they were murdered on the night of the second day after starting When the main company came up, on the 19th of July, they found the three bodies in a sort of grave on the mountain side Some dozen arrows were found about the spot Their bodies had been pierced with arrows, &c They were robbed of goods and money to the amount of about $500

A purse belonging to Mr Allen was found near his grave, containing seventy or eighty dollars in gold dust and seven dollars in silver which the Indians did not happen to find

At a late Conference of the M E Church, South, held in the town of Elizabeth City, N C, the Rev Mr Rosser, towards the close of a sermon preached by him in illustration of the mighty achievements which perseverance had accomplished, referred in his usual eloquent style, to the gallant Zachary Taylor, leading his small, but Spartan Band, against the superior numbers of Mexican forces, and feel ng the enthusiasm, so becoming the heart of an American citizen, notwithstanding he was a Democrat he broke out in the following language "I pray God he that he may be elected Here the speaker paused, and looking over the congregation, he saw at a glance the effect produced The friends of the old General seemed ready for a hearty amen, whilst his opponents appeared awfully to fear it He immediately added—"to eternal salvation by faith and good works At this point the preacher took his seat, and immediately a reverend gentleman of the Democratic party struck up the old familiar hymn, "Come on my partners in distress" — The friends of the Old General lost their gravity at this singular coincidence

Circumference at the surface of the earth, 24 feet Circumference six feet from the ground, 18 feet Length of trunk from the ground to the first branch, 60 feet From the earth upwards as near three or four feet, it is very rough and unshapely, but above this, it is in every respect smooth, well proportioned and straight, and appears to be a healthy and growing tree

The trunk terminates in three large branches, one of which least least two feet in diameter In its dimensions it is the most remarkable tree of the kind that I have seen in the forests of Maine A TRAVELLER

Straw Goods.

Encourage Home Manufactures!

DAVIS & BLAKE,
No. 52, Union Street,—Portland
Manufacturers and Wholesale Dealers in Foreign and Domestic
Straw Goods,

Would respectfully inform Dealers in Penobscot and vicinity, that they have established themselves in Portland and will be happy to supply Goods of their own manufacture on as good if not better terms than can be had in Boston, or New York Their Spring stock and styles of BONNETS, consists of

French Lace	Lutos
American do,	China Real
Florence	Spanish do,
Bird's Eye	Coburg
Genesee,	Tulip
Vandyke	Rough and Ready
Rutland	Jenny Lind

and every other variety to be had in any of the cities of the Union

Maine has heretofore been drained of a large portion of her capital to build up manufactories in other States but the subscribers believing the time has come that *Home Manufacture* should be sustained and encouraged rely with confidence upon the patronage of her citizens for a generous share of their trade

In addition to goods of our own manufacture we shall keep constantly on hand a choice assortment of

Laces, Satins, Silks, Velvets, Ribbons, Artificial flowers, &c &c

In fact every thing connected with the *Military Trade* will be sold at *wholesale only*, as low for cash as can be bought in any other city in the Union

We shall also keep on hand a good assortment of GIMPS FRINGES &c

The facilities for reaching PORTLAND are now so numerous that country merchants are no longer under the necessity of purchasing so largely as when visiting Boston or New York but can order Goods in our line as they want them By this means they will not be left at the end of the season, with a depreciated and unsalable stock

☞ Orders strictly attended to and Goods put up the same as though the purchaser were himself present

In all cases where goods are ordered the purchaser has the privilege of returning them if they do not give satisfaction provided it be done without unnecessary delay

N B—BLEACHING and PRESSING done for the trade in a style unsurpassed

Dr. Townsend's

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold It cures without vomiting purging sickening or debilitating the Patient

The great bounty and superiority of this Sarsaparilla over all other medicines is while it eradicates diseases it invigorates the body It is one of the very best *SPRING AND SUMMER MEDICINES*

ever known It not only purifies the whole system and strengthens the person but it *creates new pure and rich blood* a power possessed by no other medicine And in this lies the grand secret of its wonderful success—It has performed with in the last five years, more than 100,000 cures of severe cases of disease, at least 15 000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10 000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system potentially To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system lassitude, want of ambition, fainting sensations, premature decay and decline hastening toward the fatal disease Consumption, can be entirely relieved by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the system gives activity to the limbs and strength to the muscular system in a most extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis Consumption, Liver Complaint, Colds, Catarrh Coughs Asthma, Spitting of Blood Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side &c have been and can be cured

SPITTING BLOOD

New York, April 28, 1847

Dr Townsend—Until I believed that your Sarsaparilla has been the means through Providence of saving my life I have for several years had a cough, brought on by a cold which left a constant tickling in the throat and a frequent rise of blood had night sweats and was greatly debilitated and reduced and did not expect to live—I have only used four Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk all over the city I raise no blood and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant

WM RUSSELL 65 Catherine st

RHEUMATISM

This is only one of more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most severe and chronic cases are weekly eradicated by its extraordinary virtues

Jam Cummings, Esq one of the assistants in the Lunatic Asylum Blackwell's Island, is a gentleman spoken of in the following terms

Blackwell's Island, Sept 11 1847

Dr Townsend—Dear Sir I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not get out of bed or walk I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla and they have done me more than one hundred dollars worth of good I am so much better—indeed I can entirely relieve You are at liberty to use this for the benefit of the afflicted Yours respectfully

JAMES CUMMINGS

FITS FITS FITS

Dr Townsend having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester county

Fordham, August 13 1847

Dr Townsend—Dear Sir I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we could find no recommendation in your circulars for cases like hers we thought as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did for it not only restored her strength but she has had no return of the Fits, to our great pleasure and surprise She is fast becoming rugged and healthy, for which we feel grateful Yours respectfully

JOHN BUTLER, Jr

FEMALE MEDICINE

Dr Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption Barrenness, Prolapsus Uteri or Fallingof the Womb, Costiveness, Piles, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of inherent cause or causes produced by irregularity, illness, or accident Nothing in the move surprising than its invigorating effect on the human frame Persons all weakness and debility from taking it, at once become robust and full of energy under its influence It immediately counteracts the nervous ness of the female frame which is the great cause of Barrenness—it will not be expected of us, in case of so obstinate a cause to exhibit extensive cures performed but we can assure the afflicted that hundreds of cases have been reported to us Thousands of cases where Fits have been will out of all hope after using a few bottles of this invaluable medicine, have been cleared with fine healthy offspring

TO MOTHERS AND MARRIED LADIES

Thus extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to expect the approaching time of critical period *The turn of life* should neglect to take it as it is a sure preventative for any of the numerous and horrible diseases to which females are subject at this time of life This period *may be delayed for several years by using this medicine* Not is it less valuable for those who are approaching womanhood as it is calculated to assist nature by quickening the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system renews permanently the natural energies—by removing the impurities of the body not by a temporary stimulating to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system and relieving the sufferings attendant upon child birth ever discovered It strengthens both the mother and child prevents pain and disease, increases and enriches the food—to one who have used it think it is indispensable It is highly praised both before and after confinement, as it prevents diseases attendant upon childbirth—in Costiveness Cramps, Swelling of the Feet Despondency Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhoids and in regulating the secretions and equalizing the circulation it has no equal The great bounty of this medicine is its always sale, and the most delicate use it most successfully very few cases require any other medicine—in some a little Castor Oil or Magnesia is useful Exercise in the open air and light food with this medicine, will always ensure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Chalk, and a variety of preparations generally in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the alkalies used in soaps, beautifies its own production to the "human face divine," as well as the garden of rich and delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the coursing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the indescribable shades and flushes of loveliness that all admire but none can describe This beauty is the offspring of nature—not of *powder* or *soap* If there is not a free and healthy circulation, there is no beauty If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she be brown or yellow, and there is pure and active blood, it gives a rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or have spoiled their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant spirits, sparkling eyes, and beautiful complexion, they should use Dr Townsend's Sarsaparilla Thousands who have tried it are more than satisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES.

Those that imitate Dr. Townsend's Sarsaparilla have invariably called their stuff *a great remedy for females*, &c., &c., and have copied our bills and circulars which relate to the complaints of women, word for word—other men who pump medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, "Sills, &c" are injurious to females as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively shows that this Sarsaparilla has perfect control over the most obstinate Scrofulous cases of the blood Three persons cured in one house is unprecedented

THREE CHILDREN

Dr Townsend Dear Sir—I have the pleasure to inform you, that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores, have taken only four bottles, it took them away, for which I feel myself under great obligation Yours respectfully,

ISAAC W CRAIG 106 Wooster st

OPINIONS OF PHYSICIANS

FISH! FISH!

HARTS' VEGETABLE EXTRACT

Is the only remedy that can be relied on for the permanent cure of Spinal Complaints Spasmodic Contractions or Irritation of the Nerves, Nervous or Sick Headache, Nervous Tremors, Neuralgic Affections, Apoplexy Paralysis General debility Deficiency of Nervous and Physical Energy and all Nervous Disorders including the most dreadful of all diseases that ever afflict the human race

EPILEPTIC FITS,

or Falling Sickness Hysterical Fits, Convulsions, Spasms &c Dr Hart would impress it upon the minds of the afflicted that the Vegetable Extract is the only remedy ever discovered that can be relied on for the permanent cure of this most dreadful of all diseases As an indulgence is to insanity madness and death, than not

SKILLFUL PHYSICIANS

of Europe, as well as those of our own country, have pronounced Epilepsy incurable And it has been so considered by many until this most important of all discoveries was made by Doctor S Hart nearly six teen years since, during which time it has been performing some of the most

REMARKABLE CURES

upon record and has acquired a reputation which time alone can efface Physicians of undoubted skill and experience, members of various denominations, as well as hundreds of our eminent citizens all unite in recommending the use of this truly valuable medicine to all or particular things, and friends, who are thus afflicted as the only remedy

WE QUOTE THE LANGUAGE

used by those who have been cured by the valuable medicine One says, "I have suffered beyond my power of description but now I rejoice in being full real red to health and happiness" Another says, "I thank God I lie I that I am a well man I also feel in my duty to proclaim it to the ends of the earth that those similarly afflicted may find relief Another (who

EMINENT LAWYER,

and well known in this city, says "my son has been afflicted for years with Epilepsy but now enjoying good health from the Vegetable Extract

his name," he says he "should and ought to be sounded to the ends of the earth" Another says, "Language is entirely inadequate to express my gratitude to Dr Hart for having been the means under the blessing of God, of restoring me to good health after having been afflicted with Epilepsy in its worst forms for more than twenty three years, and my morning and my evening portion of prayer and thanksgiving shall continue to ascend to that God who has afflicted but to make me whole"

Mrs J Bradley, 115 Orchard street, New York, states that she has been subject to Fits for many years and has been restored to perfect health (after every other means had failed) by the use of the Vegetable Extract

Dr Charles A Brown of Dover, Russell co, Alabama who is one of the best Physicians in the State, says that he has been much benefitted by the use of the Vegetable Extract and that he unhesitatingly prescribes it in every case of Epilepsy which comes under his knowledge

Lorin G Hayhorn, Esq. formerly Postmaster at Lime Mills Crawford Co, Pa. now living in Erie Co Pa states that for many years past he has been sorely afflicted with Fits, and he is now happy to state that a perseverance on of Dr Hart's Vegetable Extract has restored him to sound health, being entirely freed from that worst of all diseases

Mr Stephen E Pratt, corner of Sixth Avenue and Twenty sixth Street, New York states that Mr Charles E Boughton, a member of his family, has been so severely afflicted with Epilepsy Fits for many years that he was obliged to relinquish his business Having used Dr Hart's Vegetable Extract [says Mr P] he was soon restored to perfect health, and left this city for the State of Ohio to resume his business

Rev Mr Smith, Rector of St Peter's Church Sportswood, N w Jersey who has been afflicted with Epileptic Fits for more than forty years, states that he has used Dr Hart's Vegetable Extract and his health has been so much improved that he hopes by Divine blessing to have no more Fits

EPILEPTIC FITS,

For twenty seven years and six months, cured by the use of this truly wonderful medicine

Read the following remarkable case of the son of Wm Secore Esq of Philadelphia, affected with Epileptic Fits for twenty seven years and six months—After travelling through England, Scotland Germany, and France, consulting the most eminent physicians, and expending four hundred dollars for medicine, medical treatment and advice three thousand dollars, returned with his son to this country in November last, without receiving any benefit whatever and was cured by using

HART'S VEGETABLE EXTRACT

I have spent over three thousand dollars for medicine and medical attendance I was advised to take a tour to Europe with him, which I did I first visited England I consulted the most eminent physicians there in respect to his case, they examined him and prescribed accordingly I remained there three months without perceiving any change for the better, which cost me almost two hundred and fifty dollars, pocketed by the physicians and the most that I received was their opinion that my son's case was hopeless, and

POSITIVELY INCURABLE

I accordingly left England, travelled through Scotland Germany and France, and returned home in the month of November, with my son as far from being cured as when I left I saw your advertisement in one of the New York papers, and concluded to try Hart's Vegetable Extract, seeing your statements and certificates of so many cures, some of twenty and thirty years standing, and I can assure you I am not sorry I did so as by the use of Hart's Vegetable Extract a long he was restored to

PERFECT HEALTH

His reason, which was so far gone as to unfit him for business is entirely restored, with the prospect now before him of life, health and usefulness He is now 28 years of age and 27 years 6 months of this time he has been afflicted with this most dreadful of diseases, but thank God is now enjoying good health

Now, sir, forth without words I don't believe in—so I have enclosed you one hundred dollars, I have no doubt you will think this another and quite a different thing The debt of gratitude I still owe you, but please accept this amount as interest on the debt in advance Yours, very respectfully,

(Signed) WILLIAM SECORE.

THE TIME IS NOT FAR DISTANT

When thousands who are now trembling under the hand of this dreadful disease, and fearing that every attack may prove fatal, will find permanent relief and be restored to new life, by using this celebrated medicine

GENUINE INDIAN MEDICINE.

It is not our wish to trifle with the health of the community We desire to be governed by a sacred regard to truth in whatever is here stated in relation to this extraordinary medicine, and it is this feeling of sincerity and good faith which prompts us again and again to call attention to it We believe that no article has ever been discovered that has conferred a greater amount of benefit on the community, and the more it is known the better it is appreciated

SAVE YOUR DOCTOR'S BILLS

Thousands of dollars of doctor's bills have been saved by the use of this medicine, and there is little doubt that if it were more generally resorted to than it is, sickness would in most cases be prevented

New York, April 17, 1848

This is to certify that I have used Wright's Indian Vegetable Pills in my family for more than four years, and as a family medicine believe them the best in the world During that period I have had no occasion for a physician, though my daughter and wife have been very low several times WILSON TREADWELL,

NERVOUS DEBILITY—LOSS OF ENERGY.

Wright's Indian Vegetable Pills speedily and permanently restore the declining powers of the human body This may at first be doubted, but no fact is better established Those who use the so distant Sarsaparillas for this purpose, overlook in doing so, a medicine far less expensive and more effectual.

Clymer, Chautauqua Co, N Y, Oct. 5, 1848

Dr. Wm Wright—Sir—For the last three or four years I had been gradually sinking down, and finally become so weak that I was unable to perform my usual labor I was advised to try your Indian Vegetable Pills, and I am gratified to state that by the use of three or four boxes I began to feel like myself again, and am now thoroughly cured

From my own experience I can commend your Pills to the afflicted with confidence that they will be found a medicine of great efficacy and value Yours truly,

DR. WARREN'S Sarsaparilla, Tomato and Wild Cherry PHYSICAL BITTERS, At 50 Cents per Bottle!

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard medicine, universally approved by physicians as a safe, speedy and effectual remedy for *Scrofulous, Mercurial and Cutaneous Diseases*, Jaundice, Indigestion, Dyspepsia, Bilious Disorders, Liver Complaints, Costiveness, Weak and Sore Stomach, Ulcers and Running Sores, Swelling of the limbs, Pain in the Bones, Tumors in the Throat, Rheumatic Affections, Salt Rheum, Erysipelas, Blotches, Eruptions on the face or body, Cancerous Sores, King's Evil, Chronic Catarrh, Languor, Debility, Headache, Dizziness, Sallow Complexion, and all those disorders which arise from the abuse of Mercury, or from an impure taint in the blood, no matter how acquired.

The extract here presented is prepared after directions given by the celebrated Dr Warren, whose name it bears, and will be found superior to any preparation of the kind now in use It is highly concentrated, truly vegetable, and very finely flavored to the taste The change which it produces in the condition and tone of the system is *speedy and permanent.*

As a Spring Medicine for purifying the blood—strengthening the stomach and body—and checking all consumptive habits—the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled

The Great Remedy for Gonorrhœa

GLEET, Stricture, and all analogous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks

Dr D most solemnly affirms, that during his practice of forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years, but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emaciated bodies and sallow countenances as we do at the present time

☞ In case the Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No 55 Union street, Boston, at $5 per box where he can be confidently consulted on every thing incident to the human frame, and the patient rule upon the most beneficial course of treatment that can possibly be adopted.

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life.

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Pectoral and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of those formidable complaints, now known to the civilized world.

Three years time of trial in the United States, during which time it has been distributed from Maine to Florida, has only served to establish its pre-eminent merit in all parts of the country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight *forms* of colds, cough and inflammations that can possibly be used

INCONTESTIBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

Dr. Bradlee—Dear Sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs I have used it in my family, and in my professional practice for more than two years with the most uniform and entire success, in cases of *severe Pulmonary disease*, and I can conscientiously recommend it to all who are afflicted as the most certain remedy for such diseases with which I am acquainted Yours respectfully,

FREDERIC T STORER, M D.

Saco, Me, May 22, 1846.

Reliable Evidence of the Efficacy of BUCHAN'S HUNGARIAN BALSAM

[From the Christian Freeman]

While we repudiate quackery, we are always pleased to give credit for that which is truly useful, and to give information which may benefit others. A few days ago a brother of ours, from Norway, Me, came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him, saying that he was confined to his bed and could not probably continue but a short time Judge then of our surprise when we saw him enter our office He has a slight cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which he addresses to the general Boston Agent for the medicine which has restored him so wonderfully, will show what medicine has been the instrument of the good work

Boston Feb 16 1847

Dr D F Bradlee—Sir—I do not refrain from saying a word to you in commendation of Buchan's Hungarian Balsam of Life Here is a plain statement of facts in relation to my case and if they are of any service in inducing the sick to seek relief at the source from whence I obtained it, I shall be thankful

My residence is Norway, Me Three years ago last fall I took a violent cold which left a cough of the most aggravated and accompanying a severe pain in the left side Last June I had become so feeble that I was obliged to quit all work and was confined to the house until about four weeks since During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases but could find no relief, but grew worse, and for the last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as fortune would have it, I heard of the Hungarian Balsam, and immediately procured a bottle This gave me instant relief and six bottles have broken up my cough, and placed me in a situation to resume, with advancing health, my usual occupation

BE WISE TO-DAY

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE. If you have any symptoms above described, be advised in time

Sold in large bottles at only one dollar per bottle

McKENNEY'S COSSACK SALVE!!

An Invaluable Remedy

FOR Fever Sores, Rheumatism, Swelling of the Feet and Limbs Swelling of the Tonsils or Sore Throat, Chronic Eruptions of the Skin and all Scrofulous Diseases Rigid Cords occasioned by Colds or Strains, Stiff Neck, Chilblains or Chapped hands Sore or Inflamed Breast, Weakness or Pains in the Stomach, Piles Corns, Warts and Common Sores, and Cuts and Bruises of all kinds

In bringing this article before the Public, we are aware that we labor under no small disadvantage amidst the multitude of 'All Healing Ointments' and Panaceas" that are now advertised is the "*most effectual*" and "*certain cures* for all diseases indiscriminately, to which man or animals are subject

A history of this Salve and the wonderful cures it has effected in the above complaints, will be found in a pamphlet accompanying each Box—a reference to which is invited before purchasing

We would only add, that we have undertaken the task of manufacturing the above named Salve at no inconsiderable trouble and expense, not so much as a matter of speculation and pecuniary benefit as in compliance with the earnest and repeated solicitations of personal friends and those who have experienced its wonderful medicinal and all-healing properties

To say, indeed, that we do not expect to realize a handsome remuneration for our services, would be alike useless and untrue But we flatter ourselves that if, forsooth, we are richly paid, and the article soon, very soon, has an extensive sale—the Public are receiving a full and ample equivalent

As we have already intimated we do not and shall not call to our aid the empty *"puffing of the Press,"* or the 'bought certificates' of individuals, and shall make use of them only so far as they have been, or hereafter may be, entirely *voluntary* and *unsolicited*

The Salve is now before the Public!

They, and they alone, will decide upon its real virtues and medicinal properties To say less, were injustice to ourselves—to say more would be superfluous

Here are some of the many Certificates —

The subscriber was afflicted with a Fever Sore upon his leg for about six years, and in the winter of 1845 it commenced swelling from the ankle to the knee. After using many remedies without success, I applied some Salve obtained of Mr A M McKenny, and continued its application until I had used six bottles, which entire y cured me and I have had no return of the disease since I would also say that I know the above Salve to be a cure for CORNS, one of my family having used it for this purpose with complete success

DANIEL SEAVEY

Dexter, (Maine) May, 1846

This certifies that one of my sons having been afflicted with a Fever Sore for more than a year, and having tried various means to effect a cure, without success which cost me about forty dollars, I bought 14 oz of JONATH McKENNEY'S SALVE, which effected an entire cure in less than two months SIMEON MARSTON.

Gray, May 11, 1846

BANGOR, June 5, 1846

Mr. McKenney.—In going into the woods in the autumn of 1845, with the charge of quite a number of men, for the winter lumbering operations. I was induced to take a few bottles of your Salve, it having been recommended to me as one of the best remedies for accidental Cuts and Bruises; and I found indeed, to my great satisfaction, that it was an invaluable article. I also made applications of it in cases of Cuts, Sprains, and Bruises, upon my cattle, and found it equally beneficial. It can truly be called the All-Healing Salve.

LYSANDER STRICKLAND.
